Flexcoin Whitepaper V4.8 (EN)

Overview

Flexcoin Whitepaper V4.8

Flex your NFT, Flex your life. Presale on Pinksale → PancakeSwap LP creation → LP farming enabled.

Roadmap

Phase 1: Survive and stand out in the memecoin sector.

Phase 2: 1,000+ holders & community growth.

Phase 3: DEX listing, then CEX listings.

Phase 4: Ecosystem expansion (AI and NFT market).

Tokenomics

Distribution percentages below; see table.

Presale (Pinksale)

Softcap/Hardcap and rates are below.

Addresses (BSC Mainnet / ChainId 56)

Official addresses below; always verify on BscScan.

Liquidity & Security

After presale, a large portion of raised BNB is added as liquidity on PancakeSwap and locked via a reputable locker. Team allocation has a lock-up with linear vesting to align long-term incentives.

Legal

This document is for information only and does not constitute financial advice. Cryptocurrency involves risk; DYOR.
